

# Introducing Our Corporate Impact Program

A Collaboration with our Corporate Partners  
to Realize Sustainable Impacts in Maine.

 Androscoggin  
Bank

A Banking Force For Good™

# Purposeful Banking:

## Committed to Sustainable Finance

As a B Corp™ Bank, we are always striving to scale our impact as a catalyst for both economic development and social impact in our communities. This Program is an opportunity for like minded companies to join us and increase your own impact by allowing us to put your deposits to work to finance a wide variety of sustainable businesses right here in Maine. The best part is that it is incredibly simple and easy to participate—just open an eligible account with us.

Our Program enables your company to place its deposits to fund our Maine based lending in select categories that fall within the criteria of the 17 United Nations Sustainable Development Goals. These include such categories as loans to women and BIPOC led businesses, renewable energy, sustainable agriculture, non-profits, rural healthcare providers, and clean water. Check out the following examples of the meaningful impact your funds will deliver as we lend them out.

### The Somali Bantu Association

The Somali Bantu Community Association provides vital transitional services, advocacy, and farming opportunities that empowers members of the refugee community to uphold cultural identity and economic well-being to thrive in their new life here in Maine.

### MaineWorks

Margo Walsh, President

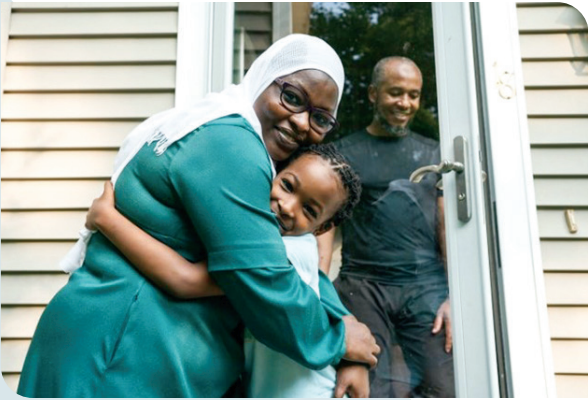

MaineWorks is a woman owned B Corp Certified organization with a mission to help individuals recovering from addiction to secure life skills and meaningful employment in Maine and the construction industry.

### The Vinalhaven School (RSU 8)

Electric School Bus Purchase

We specialize in meeting the capital needs of public sector clients, like the Vinalhaven School. We financed their first electric school bus and supported other Maine public schools with LED lighting conversions and energy conservation projects, significantly reducing carbon footprints.

### Pioneering Financing Alternative for Islamic Homebuyers

Sophie Mutamuliza, Home Owner

Pictured here is Sophie Mutamuliza, first time home owner, who took advantage of our innovative mortgage solution for Islamic homebuyers—creating a path to home ownership for our new Mainer Community.

### Mission Working Dogs

Christy Gardner, Executive Director

Mission Working Dogs is a Veteran and women owned non-profit that trains purpose-bred dogs to aid individuals with disabilities so they can be more independent and live their life to the fullest.

### Front Street Shipyard

Solar Array

Working with USDA Rural Development, we were able to finance an owner-operated solar array for Front Street Shipyard in Belfast which has reduced their cost of electricity by 40% or more each month.

## Areas of Impact Examples

1 NO POVERTY

3 GOOD HEALTH AND WELL-BEING

4 QUALITY EDUCATION

5 GENDER EQUALITY

6 CLEAN WATER AND SANITATION
